Basiz Master Draft

A powerful agreement drafting aid which can be used by agreement drafters/ reviewers anywhere in the world

Will progressively use machine learning to optimize critical clauses in agreements

Features

- Assists in drafting agreements
- Helps the drafter keep track of comments made by reviewers
- Provides a repository of templates; users can also add their own templates
- Gives the option to use aggressive and neutral versions
- Comes with the added feature of thesaurus and dictionary
- Uses form features wherein the same agreement can be easily emailed to various persons in a database
- Helps bring transparency and openness in agreement drafting and negotiation
